**This falling of your hair! Stop it, or you will soon be bald. Give your hair some Ayer's Hair Vigor. The falling will stop, the hair will grow, and the scalp will be clean and healthy. Why be satisfied with poor hair when you can make it rich?**

"My hair nearly all came out. I then tried Ayer's Hair Vigor and only one bottle stopped the falling. New hair came in real thick and just a little curly."—Miss L. M. Smith, Karatoga, N. Y.

### Suicide Prevented.

The startling announcement that a preventative of suicide had been discovered will interest many. A run down system, or despondency, invariably precedes suicide and something has been found that will prevent that condition that makes suicide likely. At the first thought of self destruction take Electric Bitters. It being a great tonic and nerve will strengthen the nerves and build up the system. It's also a great stomach, liver and kidney regulator. Only 50 cents. Satisfaction guaranteed by A. H. Parrish, druggist.

### Fine Seedling Peaches.

A. L. G. Randolph sent the Republican some fine peaches last week, from a tree grown from seed planted in 1890. The trees began bearing the third year from the seed, many of the trees being eight or nine feet high that spring. The specimens in question are large, smooth, beautifully colored, well flavored, and in fact veritable pictures of what a peach ought to be, a demonstration of the adaptation of Taney county soil and climate for the production of fine peaches. The only question in regard to Taney county as a peach country is one of good judgment in selection and reasonable attention to the location and care of the orchard.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and, therefore, requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally, in doses of from ten drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. ## Varieties.

### Strong Soil.

L. M. Beard brought in two thrifty stalks of corn the other day bearing three good ears, in which there is nothing remarkable, of course. The remarkable thing lies in the fact that the stalks came from land that has been in corn for 47 years in succession—long enough to wear any ordinary soil to a frazzle several times over.

### Save the Children.

Ninety-nine of every one hundred diseases that children have are due to disorders of the stomach, and these disorders are all caused by indigestion. Kodol Dyspepsia Cure is just as good for children as it is for adults. Children thrive on it. It keeps their little stomachs sweet and encourages their growth and development. Mrs. Henry Carter 705 Central St., Nashville, Tenn., says: "My little boy is now three years old and has been suffering from indigestion ever since he was born. I have had the best doctors in Nashville, but failed to do him any good. After using one bottle of Kodol he is a well baby. I recommend it to all sufferers." Kodol digests what you eat and makes the stomach sweet. Sold by City drug store.
